

SWADHINA

Swadhina, was established in 1986, as a civil society organization focused on Empowerment of Women & Child Development based on Sustainable Development and Self-reliant Livelihood.

At Swadhina, we believe that positive social change has a direct effect on the lives of women and that change is possible only through an equal and spontaneous participation of Women in all aspects. We also believe that it is important to motivate and engage the youth in socially relevant issues to build foundation for a better world.

As we move ahead towards a new time, we focus on a world of equal opportunities. We strive to empower marginalized families by empowering women and ensuring gender equality. We look forward to a social set up where every marginalized child and youth would have equal access to better living.

We work in five states across the country, in remote tribal districts of East & West Singhbhum in Jharkhand, Mayurbhanj in Odisha, Midnapore and Purulia regions in West Bengal, among the Dalits in East Champaran in Bihar and amidst the fisherfolk community of Nagercoil region in Tamil Nadu.

Apart from our work for women and children, we now have a Youth Desk since 2021 that primarily focusses on our work with and for the youth. It is led by dedicated youth volunteers drawn from both urban and rural areas.

Swadhina ensures empowerment and development through four cornerstones of action: EDUCATION, HEALTH, SELF-RELIANCE and AWARENESS.
